City Scrap Metal Inc. reserves the right to accept or reject any and all metal. The final grading of all material will be determined by City Scrap Metal's ticket writers. Please review your ticket and ask any questions before you leave. We are happy to answer any and all questions.

## Brass

- **Red Brass** Red Brass will be minimum 85% copper. Shall consist of red brass scrap, valves, machinery bearings and other machinery parts, including miscellaneous castings made of a combination of the following; 85% copper-with a balance of tin, zinc, and/or lead.
- **Semi-Red Brass** Semi-red brass castings (78% to 81% copper)
- **Yellow Brass** Shall consist of mixed yellow brass solids, including brass castings, rolled brass, rod brass, tubing and miscellaneous yellow brasses, including plated brass. Must be free of manganese-bronze, aluminum-bronze, unsweated radiators or radiator parts, iron, and excessively dirty and corroded materials. Must also be free of any type of munitions including, but not limited to, bullet casings.
- **Brass Shell** Shall consist of clean fired 70/30 brass shell cases free of primers and any other foreign material.
- **Brass Shavings** Shall consist of yellow brass turnings, free of aluminum, manganese and composition turnings, not to contain over 3% of free iron, oil or other moisture; to be free of grindings and babbitts.
- **Clean Auto Radiators** Shall consist of mixed automobile radiators, to be free of aluminum radiators, and iron-finned radiators. All radiators to be subject to deduction of actual iron.
